Treetots Golden Rules

- Always wash our hands before we eat and at the end of the session.
- Never put plants or anything else we find in the woods in our mouth. We only ever eat snacks prepared by the leaders and that are part of the activities for the day.
- We're careful when we're near the road or water and hold hands with an adult.
- We wear our Treetots wristbands at all times.
- We listen to our boundaries at the beginning of the session and ensure we stay inside them.
- We care for our environment, tidy up after ourselves and don't leave rubbish in the woods.
- We put bugs back where we found them!
- We watch where we're walking and are careful not to trip.
- We're careful around the fire and follow fire safe guidelines. We sit on the benches, we don't go closer than the benches unless invited by a member of staff.
- When using tools we follow our tools code of conduct, listen to adults instructions and take it in turns.
- No lick, no pick, be careful with your stick!
- We're nice to each other!
- We sit and eat our snacks nicely at the table or on the benches.
- We make sure we always have fun in the forest.
- We visit the toilet before we leave the campsite building which is our nearest toilet.
- We don't climb trees without an adult.

Treetots Session Permission Form
