

Behaviour

Please agree behaviour boundaries prior to arrival; as leaders, you are responsible for the safe supervision and behaviour of your group at all times. YMCA staff will step in should the behaviour of a young person be deemed dangerous to themselves or others. We will work closely with group leaders if it becomes necessary to exclude a young person due to unsafe or other inappropriate behaviour. Refunds are not offered in these instances

Festival

Expectations

Leaders should be aware that other projects may have a different approach to the way they lead their groups. The diversity of leadership reflects the wide variety of projects represented and their understanding and trust of their young people. Leaders are asked to demonstrate tolerance of others and to engage in dialogue to resolve minor disputes between groups. Leaders are encouraged to report to festival organisers any incidents where safety is being compromised, or where disputes remain unresolved.

Alcohol, Substance Use and Smoking

The festival is an alcohol and substance-free site, including adults. Smoking and vaping are only permitted in designated smoking areas.
